

? Performant Python ?

Who am I ?

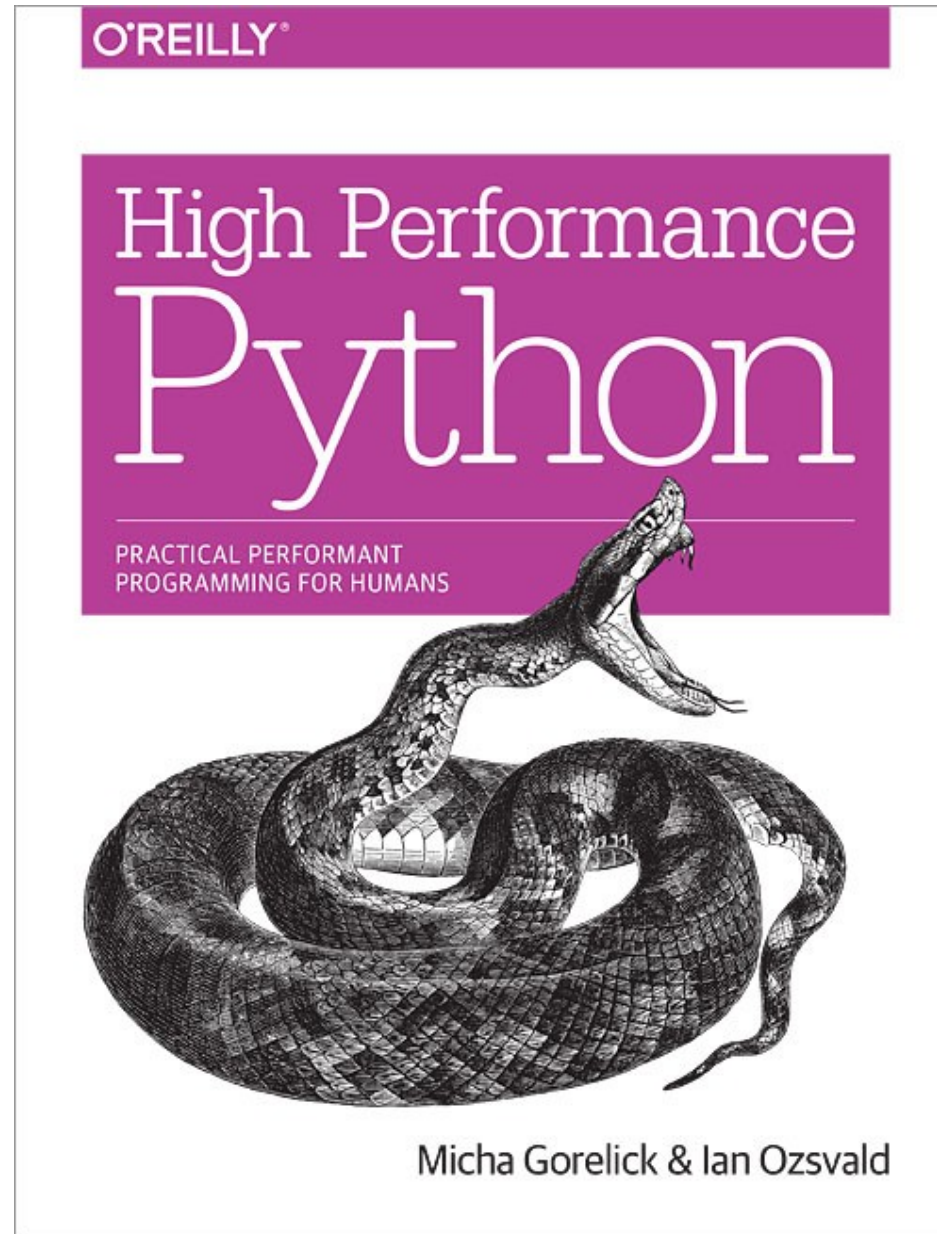

- A simple tech guy at:

- Our clients:

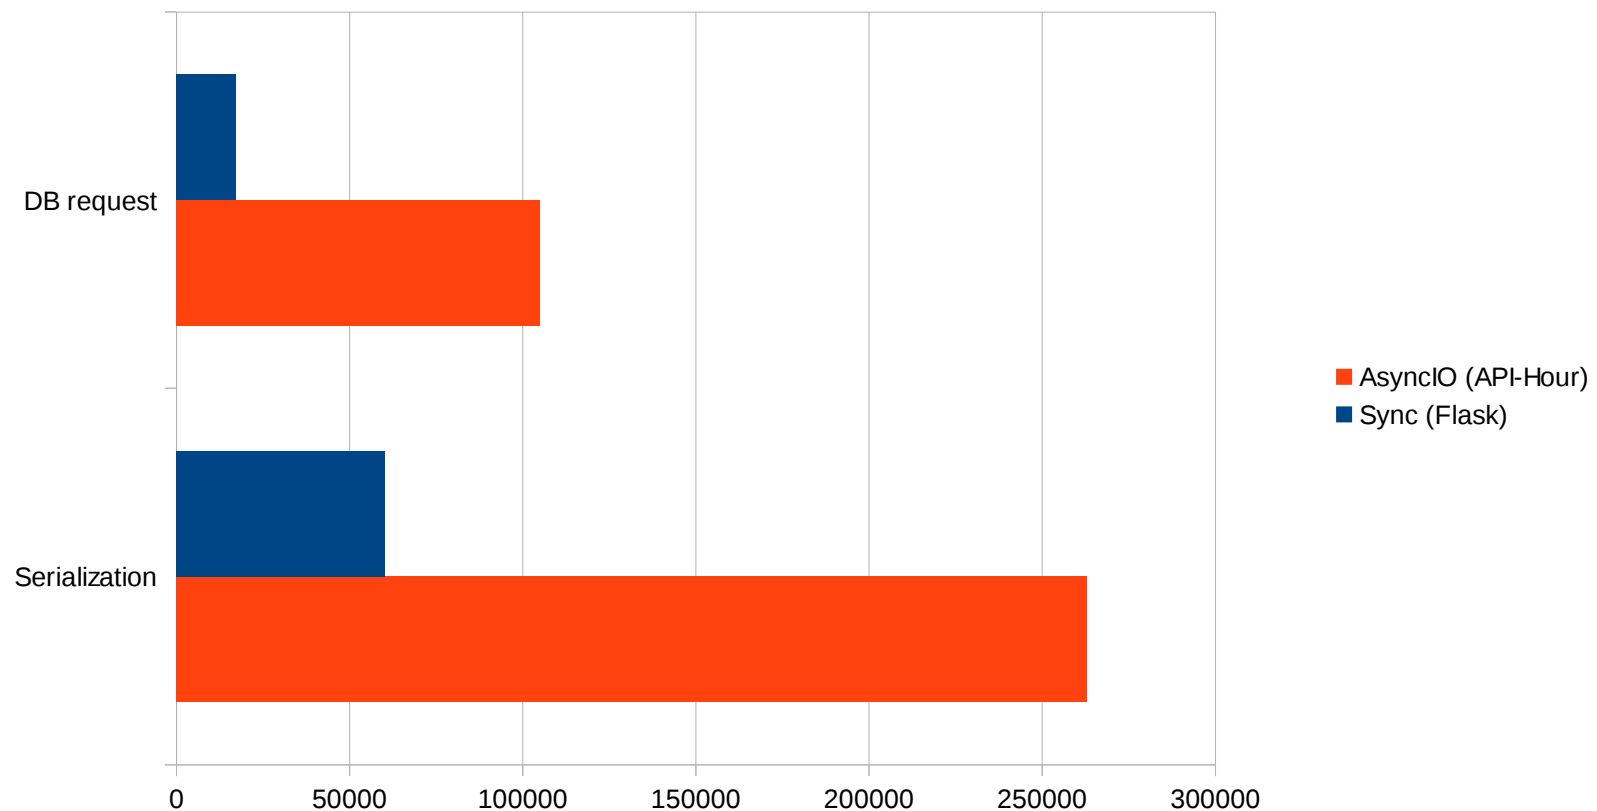

The book you must read:

Benchmarks on the kitchen table

- `wrk -t12 -c400 -d30s http://localhost:8000/agents`

1. REST/JSON WebServices
2. Performance
3. Simple

Future

- Documentation
- Better multiprocessing (certainly with Gunicorn)
- <http://www.api-hour.io/>

Thanks

- ALLOcloud/Eyepea
 - Especially:
 - Nicolas Stein (Nike)
 - Sylvain Francis (iCart)
- AioREST, aiohttp, AsyncIO et Gunicorn devs
- Python community
- FOSS
